Nehru College of Educational and Charitable Trust & Nehru Group of Institutions

Nehru College of Educational and Charitable Trust was established at an auspicious moment in the year 1968, with the primary objective of rendering selfless, dedicated and yeomen service to cause of higher education. Its educational service to the poor underprivileged and downtrodden in the society is freely accessed and widely appreciated by the people, especially from Tamil Nadu and Kerala. Over the period of nearly five decades, it has established and patronized a number of prestigious educational Institutions, all of which have grown to the stature of being accredited with ISO 9001:2015 certification by the International Certification Services. Nehru Group of Institutions (NGI) with its humble beginning in 1968 at Kuniyamuthur, Coimbatore Tamilnadu was established by the Founder Chairman Late Shri. P.K Das with the objective of providing higher education in the field of Aeronautical Engineering. NGI progressively flourished and started offering Undergraduate (UG), Post Graduate (PG), and Doctorate (PhD) programs in all major Engineering branches, Management, Medical Sciences, Architecture, Law, Arts, and Science, Paramedical Sciences and Hospitality Management. NGI also started offering pre-school education to kids, with the establishment of International school. Currently the Nehru Group of Institutions operates through its twenty plus state of the art institutions in the states of Kerala & Tamilnadu.

Nehru College of Engineering and Research Centre (NCERC)

Nehru College of Engineering and Research Centre (NCERC), situated on the banks of the river Nila, is a premier Engineering college that has pioneered engineering education, research and training in the private sector. Established in 2002 by the founder chairman Shri P.K. Das, NCERC is committed to impart world class quality education in engineering and research. Dedicated to the service in the realm of technical education in Kerala, it is an ISO 9001:2015 certified institution, approved by All India Council for Technical Education (AICTE), affiliated to A P J Abdul Kalam Technological University (KTU) and is accredited by National Assessment and Accreditation Council (NAAC).

Nehru School of Management

Nehru School of Management is not just a B-School, but it is daringly different and unique from the rest and it is ranked among the leading B-Schools in national level grading service. It also has tie-ups/MOUs with many Government and Corporate institutions for Entrepreneurship Development, Training and Consultancy Projects which provide ample opportunities for our students to gain valuable industry and field exposure. The platform gives opportunity for students to experience professional work in the limelight. NSM believes and strives to achieve a holistic development of the individual who will contribute in future not only as good managers but also as disciplined corporate citizens. The pedagogy is designed for proactive student interaction. The course delivery system is well composed of case analysis and presentation, group discussion, seminars, assignments, live industrial projects, quiz and soon. We consistently encourage our students to leverage the unparalleled resources of the School of Management, Nehru Group of Institution and APJ Abdul Kalam Technological University to add value to their MBA. Since graduate students are from different streams bridge courses/orientation classes are arranged as required.

About The Program

In the post COVID19 pandemic era, teachers are facing a daunting task to conduct online classes. There are several ways teachers can utilize the technology and resources readily available to support online learning and ensure students still receive a quality education. To design your class interesting and to unleash the advantages of educational technology—may it be a complete online or blended, this program will take you on a journey of “New Era Teaching”. In this faculty development program we will explore how online learning takes places, how to design your lesson, using various online tools for conducting activities and tracking the performance of the students. Ways to reduce stress effective use of technology in teaching, effective communication and etiquettes in online teaching, motivating and creating interest in students, innovative and effective conduct of online classes are some of the topics that will be explored in this program.
